

FEDERAL COMMUNICATIONS COMMISSION  
WASHINGTON

OFFICE OF  
THE CHAIRMAN

February 27, 2020

The Honorable Don Bacon  
U.S. House of Representatives  
1024 Longworth House Office Building  
Washington, DC 20515

Dear Congressman Bacon:

Thank you for your letter regarding the Commission's Notice of Proposed Rulemaking on the 6 GHz band. I agree with you that the FCC must protect incumbent users in the band from harmful interference. The Commission's technical experts in our Office of Engineering and Technology have spent considerable time reviewing the substantial record that has been compiled in this proceeding and meeting with interested stakeholders. I look forward to receiving their recommendations on the appropriate path forward in the 6 GHz band rulemaking, and I can assure you that the Commission's ultimate decision will be grounded in sound engineering analysis. I remain optimistic that we will be able to develop a set of technical rules that will both safeguard incumbent users and allow for unlicensed operations.

I appreciate your interest in this matter. Please let me know if I can be of any further assistance.

Sincerely,  
  
Ajit V. Pai
